

IACLE & Industry

IACLE recognises and continues to recognise that if the numbers of skilled contact lens practitioners is to be increased worldwide, there is a need for affordable, accessible contact lens education of international standard.

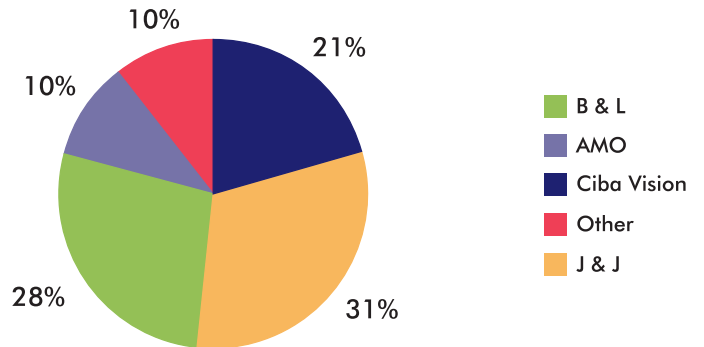

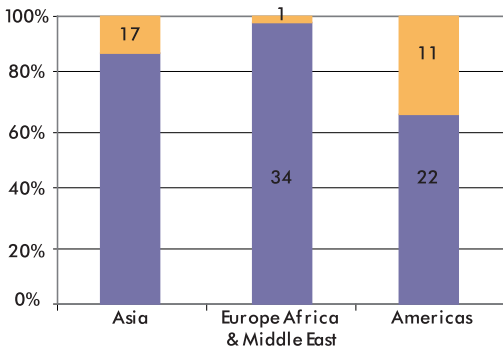

INDUSTRY MEMBERSHIP

Associate Industry Membership has increased by 40% since 2005

ACCREDITATION EXAMINATION

The Accreditation Examination was developed as an instrument for assessing Members contact lens knowledge. Held every three years, the next administration is 8th October 2007 and has 27 Industry Members registered to sit the Exam.

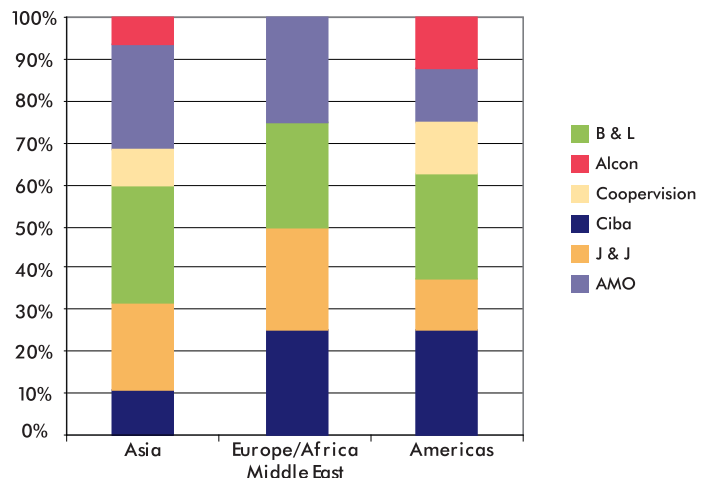

INDUSTRY SEMINARS

38 Seminars were held at 32 Institutions in 2006/07 with over 1100 Students reached.

Our Industry Participants included:

- CIBA
- Johnson & Johnson
- CooperVision
- AMO
- Alcon

Industry Seminars are an opportunity for industry to present students with products and promotional material and to discuss market trends. The way to ensure that graduating practitioners have information about the products available to them and are skilled and comfortable fitting lenses and recommending care regimes is for them to participate in IACLE Industry Seminars

Students confident in CL fitting = CL market growth
